30 April 2013

Dear Mr Patel,

Assalamu alaikum

Thank you for your donating to the Muslim Hands Dig a Well Scheme.

Deep water wells are a simple yet effective way to provide a reliable source of clean water for communities around the world. Your be well will insha'Allah be in use for many years to come and is an excellent form of sadaqa jariya.

In order to implement the scheme in an efficient and cost-effective manner our field offices first identify suitable locations and then install a number of wells at one time. In addition, wells can only be dug when local weather conditions permit. As such, the installation of your well may take up to 6-9 months.

Upon completion of your well, we will send you feedback including an image of the well, its location and the number of beneficiaries you have helped.

Please find below the name(s) as they will appear on the well plaque. If any of the details are incorrect please contact us as soon as possible.

Name on Plaque: Haji Ghulam Bhama

If you have any queries or would like further information please do not hesitate to contact us.

Yours sincerely,

Usmaan Lone, Water Scheme Coordinator
